

# YAKKA DB (NHI DRUG PRICE DATA BASE in JAPAN)

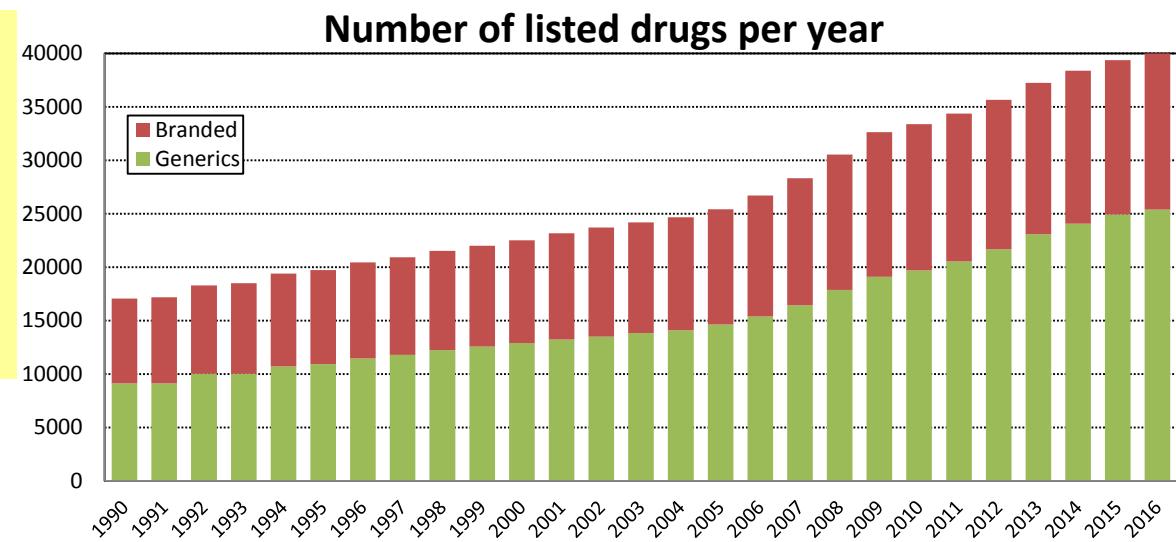

SSRI's "Yakka DB" or "NHI (National Health Insurance) drug price data base" includes below data for all NHI reimbursable drugs –

**ALL branded and generics launched after 1978- over 40,000+ drugs are listed as of 2017**

- Current price (all drugs)
- Price upon launch (all drugs after 1978)
- Price after each revision of drug prices (since 1978)

This data base is equivalent to over 30 years worth of Annual NHI drug price report, and is updated twice a year (generally in April and October) in accordance to the government's official notice.
